

Smuggler Strata 800 Mid Cabin

INFORMATION

The Smuggler Strata 800 Mid Cabin combines the proven 27 degree Smuggler hull with Amphibious technology, bringing you a superior engineered amphibious RIB. This is a serious, capable, soft riding hull, with 250 litres fuel capacity, and many options to suit your needs. Getting on and off the beach is no longer a drama, no trailer, no tractor - just up and go. The wheels retract behind specially designed D-tubes aft and into a recessed bow, completely hidden from sight. The Mid Cabin gives crew a comfortable completely dry ride, with the added bonus of the forward lounge area accessed by wide walk platforms either side of the cabin. **Experience excellence!**
